

# Lesson plan, Prototypes to Products, week 8, Tuesday

M1 Design review preparation

## ***Props***

Paper to layout poster boards

## ***Handouts:***

## ***Logistics***

## ***Activities***

- Meeting the five most valuable people “how to pitch our design review”
- Make sure we don’t waste their time or ours
- Make sure to bring the prototype as well
- Elevator speech
- What would you want to hear about if you were a reviewer?
- What kind of feedback do you want?
- These people might be giving you money at the end of the semester

Brainstorm what to put on poster boards

Goal of project (new for next year, review “what will make this project successful” from start of class)

Customer

Accomplished to date

Plans for rest of semester

## ***Optional activity***

## ***Homework***

Bring in poster boards if you want feedback on Thursday
