Experiment 1.

Record a native speaker of English reading the word list twice.
Direction for making a recording are at: www.mit.edu/~albright/phonlab/
You can reserve the recording booth at the-source.dlp.mit.edu/phonetics/calendar/
Measure the durations of the vowels.
Send them to me in a file with one line for each measurement, and a tab between the word and the vowel duration.

due 10/14.
